

The Children's Choirs of Oak Grove UMC Fall 2017

More than Just a Song

The musical experience at OGUMC encompasses a wide scope. It is not just singing or playing a song. It is "much more" than that! YES...we are always learning about proficient singing and playing, but we also share great times with friends, play games, learn about participation and leadership in worship, and all aspects are centered around how to have a meaningful relationship with God.
